ENTREPRENEURSHIP JOURNEY

MessBook — CEO (and Backend Developer also)

SAAS application consisting of Web, App & Messenger Bot. The whole system architecture was designed by me. Started in 2020 and closed in 2021. Despite the failure, have learned a lot of things from the journey.

Foodaj — CTO

It was a food home delivery service like Foopanda. Starting in 2019, gained a lot of popularity in my local area. But due to the fund crisis and being unable to compete with Foodpanda, we have closed that in 2020.
